

Discover the Power of Parks Program - July

Camp Tales

Gather with Ranger Yasmine and Ranger Liz for some camp stories as you wind down for the night. Bring your own chair!

Fishy Friends

Come learn about the trout you can find here and say hi to some of Franconia's fishy friends!

Franconia Fast Facts

Come and test your knowledge of this spectacular state park and learn a thing or two while you are at it!

Franconia Faves

Did you have fun on your hike? Add some of your favorite sites to our mural and see some recommendations from other visitors!

Fuzzy Friends

Come learn about some of the critters you may see during your visit and take a track guide to help you identify some of the animal evidence you may find on your hike.

Future of Franconia

Learn about the work happening on the Ridge Trail and what it takes to enhance your visitor experience.

Kagui? (*What is that?*)

You may know how to describe many of Franconia's sites in English, but how about Abenaki? As you travel in the historic homeland of the Abenaki people, learn some Abenaki place names with Ranger Yasmine!

Moss Monsters

Tiny, but mighty, these fuzzy little guys are responsible for a lot of injuries here at Franconia. Come learn how to stay safe on your hike along with some marvelous moss facts!

Trashketball

Can you shoot into the correct waste bin? Play trashketball while learning more about waste management at Franconia. Bring your own waste or sort some of ours!

Nature's Artistry

Nature can make some pretty cool things. Much like people are able to make out cool images in clouds, for centuries, people have done the same thing with Franconia's landscape. Come learn about all the things people have seen in Franconia and decide for yourself what these iconic sites look like.

Wicked Water

Spend time with Ranger Yasmine to learn more about the power of water and how it created some of the sites you see here today.

Mighty Moose

Moose are largest mammals in NH! Stop by to learn how a creature the size of a popcorn kernel is rapidly killing off their population.

Glaciers: Movers and Shapers

Franconia Notch was formed by glaciers thousands of years ago! Join Ranger Liz at the Basin to investigate some of these exciting geological features for yourself.

Creatures of the Night: Bats

Are bats really blind? Uncover some of the mysteries of bats, and what makes them so important for NH's wildlife to thrive!

Tree Detectives

Test your tree knowledge! Forests in NH host a vast array of different towering trees, get to know the ones that call Franconia Notch home.

Bear Aware

There are Black Bears in Franconia Notch! Discover some facts about these fascinating creatures and safe practices while hiking and camping.

Powerful Pollinators

Tis the season for pollination! What pollinators can you think of besides bees? Find out more with Ranger Liz and Yasmine!

Hike Safe, Hike Smart

So you're planning to take a hike today - do you know the 10 Essentials of hiking? Learn how to prepare and hike safe before you go!

Leave No Trace

In order to keep nature clean and pristine, we all have a role to play. Respecting nature and each other can help state parks thrive for generations.

Biting Bugs

Ouch! What bit me *this* time? Learn how to protect yourself from the annoying biting pests in our forests and our backyards.

Slithering Snakes

Do snakes give you the shakes? There's more than meets the eye when it comes to these scaly reptiles! Explore the different snakes of NH and how they contribute to their environment!

Walk With Wildflowers

NH is home to a vast array of wildflowers - some are only found in alpine zones. Look beyond your backyard for unique flora and take in the Mt. Cannon summit!

Founding Franconia

The Notch has a rich and storied history; familiarize yourself with Franconia's unique early timeline.
