

# Discover the Power of Parks Program- October

## **Bump in the Night**

Did you hear something? There is something moving in the wood around us, but with our poor night vision we cannot see what it is! No need to fear though, the noise we heard was one of our nocturnal animal friends on the move! Lets take a look together at the wonderful world of nocturnal animals that go bump in the night!

## **Ponding**

Ponds are teeming with life ranging in size from the tiniest microscopic bug to big creatures like a snapping turtle. Lets explore the wonderful habitat that is our local ponds!

## **Going Baty!**

Is that a bird, or maybe even a bug? No, its an amazing creature known as a bat! Come and learn all about these amazing nocturnal mammals and their important role in the environment!

## **Stories in the Stars**

The night sky offers so many beautiful sights, but did you know that there are stories behind many of those amazing constellations that many of us know? Besides just being pretty to look at, many stars actually have played a major role in many different aspects throughout history. Together we can unravel the stories hidden in the stars!

## **Leaful Change**

Fall is such a beautiful time of the year, full of colorful changes. But how do the leaves change from green into such fun colors? Well, join Ranger Brittany as we explore the how leaves go from green to the bright colors we see in the fall!

## **History in the Present (Guided Hike)**

Take a hike through history by joining Ranger Brittany as we dive into the unique and inspiring history that makes Pawtuckaway so special. Together we will discover the past and the role in plays in modern times.

## **Fire Tower (Guided Hike)**

Come and explore the amazing history that played a big role in creating the Pawtuckaway that we know and love! Together, we will explore the local history as we take a hike up to the fire tower together!

\*Trail to the fire tower has a lot of loose gravel and is quite steep; please dress appropriately\*

## Leave No Trace

Nature is absolutely beautiful and breathtaking, yet often times when you look around you see nature...and trash? Oh, No! Come join Ranger Brittany as we learn about the importance of taking care of the amazing world we live in and how to leave it better than we found it!

*Presented in collaboration with  
the Student Conservation  
Association and made possible  
by financial support from  
Eversource.*

**AmeriCorps**
