

Discover the Power of Parks Programs

Skulls and Pelts

Come learn how to identify what skulls and pelts belong to which animals and how their unique adaptations help them in their habitats.

Local Reptiles and Amphibians

Is a toad or a frog? Join Ranger Olivia and learn about the reptiles and amphibians that call Pawtuckaway home.

A Walk-Through History

Let's do the time warp again! We are going back in time to explore the rich history of Pawtuckaway.

Night Hike

Grab your boots, headlamp, and water bottle, we are going hiking as the sun goes down!

Let's take a dip!

Sadly, we are not going swimming but instead we will be exploring amazing underwater world of pondlife!

Bugging out

Bugs not your thing? Join Ranger Olivia and learn why these creepy crawlies are so important to our ecosystems.

Nocturnal Adaptations

Expand your senses with a program all about nocturnal animals and how they live their lives at night.

Getting Batty

Bat to Basics! Come join Ranger Olivia on an evening hike through Fundy Trail and learn about bats and their importance to an ecosystem.

Break it Down

Mushrooms, worms, beetles, oh my! What do all of these things have in common? They are all decomposers! Let's learn how to break it down like they do.

Ch Ch Changes

Fall is approaching, let's go for a walk and explore the changing leaves.

Sustainable Camping

Come and expanding your camping skills, and discover how to enjoy camping without leaving a trace.

What's the Forecast?

Do you like looking at the clouds? Ever wonder what a seeing a certain kind of cloud means? Join Ranger Olivia and learn how reading the clouds can tell you the forecast.
