

Discover the Power of Parks Program- July

Leave No Trace

Nature is absolutely beautiful and breathtaking, yet often times when you look around you see nature...and trash? Oh, No! Come join Ranger Brittany as we learn about the importance of taking care of the amazing world we live in and how to leave it better than we found it!

Plight of the Piping Plover

Did you know that one tiny little seabird known as the Piping Plover can cause entire sections of beach to be closed? This bird may be little, but it holds a very important position. Let's take a look together into the battle that the tiny little endangered shorebird known as the Piping Plover faces, and why its survival matters so very much!

Rye Through the Years

Rye Harbor has a unique and interesting history that is just waiting to be discovered! Come, lets delve into the history that makes this place so special and significant today!

Secrets of the Tide

Tides are an amazing display of power and of the everchanging world around us. But did you know that tides hold and expose secret little worlds? Come, lets take a look into the hidden worlds exposed by tides as well as take a look at the secrets of the tides!

Isle of the Shoals

Did you know something as simple as an island can be full of history? Yes, despite being separate from the mainland, the Isle of Shoals holds a very special place in history in this area. And that history deserves to be explored!

Shorebird Spectacular

Birds come in all sorts of shapes and sizes, and yet many of them look so similar that it seems impossible to tell them apart! Shorebirds especially can be hard to tell apart, but thankfully once you discover the basics, the vast world of seabirds suddenly opens up to you and you realize just how many species are found on our local coastline alone! Let's dive into the spectacular world of shorebirds!

Hidden Dangers

The ocean offers a vast space perfect for cooling down on hot days. But there are many hidden dangers in the waters such as rip currents. Lets dive deep in the hidden dangers of the oceans coastline and learn how to spot those dangers together!

Seashells Everywhere

Who here loves to search the beach for all kinds of treasure? Whenever you search for shells, you can find all sorts of sizes and types of shells! But where did the shells come from? Together we can explore the amazing world behind all of those shells that you can find!
