

Discover the Power of Parks Program- Umbagog- August

Lake Tour: From Metallak's Island to Moll's Rock, come explore the "Lake of Shallow Water" by Pontoon with local guides. Contact the office to sign up (603) 482-7795.

Canoe dig it?: Get out on the water the "old-fashioned" way as we work on our strokes and enjoy a beautiful sunset by canoe.

Local Celebrities: They're on our flag, our street signs, and sports logos. But, there is so much more to love about the amazing species that call the Great North Woods home. In today's program we will learn all about the animals of the Great North Woods!

Nighttime adaptations: Ever wonder what goes on in the dark? Come explore a new world when the lights go out and our senses change at night. Turn on your night-vision!

What'r watersheds?: Imagine you are a drop of water in the sky and you are falling to earth. Once you land where will you go? In this program we will explore the journey of a drop of water and the many risks it faces as it travels to the sea.

Tree Talk: Did you know trees actually can talk to each other? Crazy! In this program we will talk about our great- green - friends that cover 84% of the Granite State.

Umbagog Olympics: Do you have what it takes to take home the Gold 🏆? In our final program, contestants will compete and complete various outdoor activities to test their mettle and take home a prize! Practice those J-Strokes 🚣. Contact the office to sign up (603) 482-7795,
