

Discover the Power of Parks Programs October

Landscape Painting

Come have a relaxing time of painting while finding inspiration from the local landscape.

Geology Rocks

Find out why rocks rock and learn about the unique geological history of the area.

Trash Pandas, Tick-Eaters and Walking Noses

Oh my! You may or may not have seen some of these characters around here... come find out who they are! What do they have in common? What makes them unique?

Orienteering Scavenger Hunt

Learn how to use a compass and put your skills to the test to find hidden clues!

Nature at Night

Experience the night without artificial light to "see" how our eyes adapt to the dark, and try using some of our five senses to experience nature at night like our fellow wildlife.

Primitive Fire Making

Think you can start a fire without a lighter or match? Stop by to try the bow drill or flint and steel!

Wilderness Survival

Learn the basics of surviving in the wilderness and try out some survival skills!

Nature Hike

What makes White Lake State Park special? Find out how both fire and ice have shaped the land in and around the park, and visit a National Natural Landmark of pitch pine trees on a short walk from the park.

Starry Night

Learn a bit of astrology with Ranger Kendra - what can we see in the night sky at this time of year?
