

Discover the Power of Parks Programs

Leave No Trace

Learn about proper recreational practice that serves the people and nature best

Who Is Looking Down On Us?

Light up the fire, put that phone away, and look up at the constellations in the night sky

Loon Light Drive

Sit and Listen to the beautiful call of the wild. What is it trying to tell us? The Loons come out and warm us with their voices.

Winnepesaukee Olympics

Compete against fellow visitors in these fun nature based games to learn about the systems of nature

Fireside Chats

Pull out your s'mores and share scary stories, tales of everlasting love, and local folklore

Loons

Come to the table of Loons, their habitats, their structure, and their calls to learn about this ancient and fascinating creature

Who Else Lives in My Neighborhood?

Check out some of your favorite local critters and learn about how really amazing each species really is!

Trees!

Learn about a tree's adaptations through their leaves, reactions, soils, bark and so much more!

Make Your Own Souvenir

Make a paw print out of plaster and color it to make it your Own

Moths

During International Moth Week, join your Naturalist in identifying the Moths of the night and how beautiful they really are.

Wash Bear

Discover fun facts about your favorite trash panda
