April 18, 2019

The Honorable Mary Jane Wallner, Chairman
Fiscal Committee of the General Court
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Pursuant to RSA 216-A:3-g, the Department of Natural and Cultural Resources, Division of Parks and Recreation requests approval of the attached rate changes to the primary summer 2019 and winter 2019/20 products at Franconia Notch State Park and Cannon Mountain Aerial Tramway & Ski Area (FNSP/Cannon).

2. The Department further requests approval of the 2019/20 Cannon Mountain Winter Special Use Policy, which expands upon Cannon’s standard operating parameters.

EXPLANATION

RSA 216-A:3-g requires that fees for use of park areas be designed to cover a reasonable portion of operating costs and that these fees shall be comparable with fees for use of similar privately owned facilities, all in accordance with the Department’s statutory mission. The FNNSP/Cannon team conducts an extensive market review when setting rates on both its marquee products and its hundreds of other products, seeking to better align its winter day ticket and season pass prices with those of its competitors in addition to its summer rates relative to its competitors, all while maintaining its position as a value leader in New England and achieving the mission of the NH Parks System. One recent excellent example is the Cannon 80 Celebration. Season pass price rollbacks resulted in sales volume and revenue levels at higher than normal spring volume. Such strategies involving well-planned rollbacks, increases, freezes and the like represent our revised plan and aggressive marketing campaign (and continued high-level offerings, snowmaking, and grooming) to boost overall revenue.

The team at FNNSP/Cannon expects both volume and revenue increases during both the approaching summer season and the next winter season. Expected volume increases will boost that revenue next year, as well. Please see the attachments for review of fiscal impact calculations, a competitive comparison of ticket and season pass rates and Cannon’s Pricing Plan regarding structure and strategy. Please note that the requested fees are maximums, may be adjusted downward to address market conditions and that Cannon’s other winter revenues derived from its hundreds of other products that stem from these marquee items will certainly increase and provide added revenue.

The Winter Special Use Policy defines how passes and programs are distributed and administered consistent with ski industry standard practices. The team at FNNSP/Cannon has taken a far more active approach in the last decade in utilizing the policy as a marketing and merchandising tool and heavily targets the specific audiences receiving benefits as a result of its use. The policy is adapted and adjusted annually to remain consistent with snowsports industry standards, and to meet specific needs and requests while achieving the Department’s stewardship and recreation mission.

Respectfully submitted,

Sarah L. Stewart
Commissioner
Franconia Notch State Park  
Cannon Mountain Aerial Tramway & Ski Area

To: The Honorable Mary Jane Walner, Chairman  
Fiscal Committee of the General Court

Re: Summer 2019 & Winter 2019/20 marquee pricing package submission

Date: April 18, 2019

Pursuant to RSA 216-A:3-g, the Department of Natural and Cultural Resources requests approval of the attached rate changes to the marquee summer 2019 and winter 2019/20 products at Cannon Mountain Aerial Tramway & Ski Area / Franconia Notch State Park. The department also requests the approval of the 2019/20 Cannon Mountain Winter Special Use Policy. RSA 216-A:3-g requires that fees for use of park areas be designed to recover a reasonable portion of operating costs, and that these fees shall be comparable with fees for use of similar privately owned facilities.

- Cannon season pass rates rolled back to 2010 levels, based upon last year's success in capturing season pass holders, resulting in sales volume and revenue currently well above normal spring levels. Second tier pricing (after June 1st) will increase over 2018.
- This pricing package is very carefully crafted each spring by the Cannon/FNSP team.
- This pricing package has an added comparison against the average NH-based pricing for similar experiences, and accounts for competition from multi-mountain pass products.
- This pricing package is designed to both maximize consumer value and cover costs.
- This pricing package shows the potential for an added $241,664 in revenue (on just the marquee summer and winter items shown), while requesting minor rate increases.
- Hundreds of other one-off products will also lead to increased winter revenues.
- The overall pricing strategy is aimed at a surplus of revenue over expense.
- Of the 25 winter products & prices before you for consideration:
  - 16 offer a better price than the average major NH ski area price; and
  - 6 have no comparison at all amongst major NH ski areas.
- Of the 6 summer products & prices before you for informational purposes:
  - 2 offer a better price than average White Mountain Attractions pricing;
  - 2 have no comparison within White Mountain Attractions pricing; and
  - 2 slightly exceed average White Mountain Attractions pricing.
- Cannon's Winter Special Use Policy is also included for consideration:
  - This policy meets RSA's, policies, and ski industry standards; and
  - This policy is designed to maximize upon usage by fringe user groups.
- This packet includes:
  - Request Letter & Summary Memo;
  - Pricing Plan & Pricing Comparison Spreadsheet; and
  - Cannon Mountain 2019/20 Winter Special Use Policy.

### Winter

- Cannon's 9-year seasonal pass price rollback (continuing its Cannon90 campaign) has thus far resulted in seasonal pass revenue and volume at higher than normal volume and increasing new passholder volume.
- Cannon expects that such price rollbacks, in addition to a few key product additions such as the Young Adult Pass, will continue to dramatically increase its seasonal pass revenue.
- Cannon's pricing structure and excellent on-hill product allows for excellent brand positioning as the "Value Leader" in New England. $29 NH Wednesday aimed at value for NH residents and continued improvement in Wednesday volume.
- Cannon believes that this product / pricing mix of specifically targeted increases, freezes, and rollbacks will work extremely well with its target audience. Ex. Adult Group Snowsports Clinic sales declined; sales boost expected with reduction.

### Summer

- Discovery Passes (both venues combined ticket) are sold at both the Aerial Tramway and Flume Gorge and perform very well, with no comparable product in New England.
- Summer retail rates at both the Flume Gorge and Aerial Tramway remain among the best value among the White Mountains Attractions Association member venues.
- Increased and better targeted marketing and improved relationships with lodging properties have driven (and will continue to drive) individual venue and Discovery Pass usage.
- Flume Gorge rates locked in place this year; capital and expanded offerings discussion ongoing relative to future price bump. Aerial Tramway rates bumped by $1 to add revenue.

PUBLIC RECREATION

CHAPTER 216-A
EXPANSION OF STATE PARK SYSTEM

Section 216-A:3-g

216-A:3-g Fees for Park System. —
The commissioner of the department of natural and cultural resources, in consultation with the
director of parks and recreation, shall establish fees for access to and use of the state park
system. The fees approved by the commissioner, after prior approval of the fiscal committee,
shall not be subject to the provisions of RSA 541-A, so as to provide the department with the
ability to maximize revenues and to adjust fees according to market conditions and trends as is
the common practice in private industry. Any change to the fees for access to or use of the state
park system proposed by the commissioner shall take effect no later than 60 days after such
change is proposed, unless the fee change is denied by the fiscal committee of the general court.
Said fees shall be consistent with the following criteria:
I. Fees for the use of park areas shall be designed to recover a reasonable portion of budget
expenses consistent with the purposes of RSA 216-A:1 and 216-A:3. The general court does not
intend that all park facilities be self-supporting.
II. Fees for the use of campgrounds and ski lifts shall be comparable with the fees for use of
similar privately owned facilities. The operation of all enterprise functions within the park
system, including ski lifts, food service, retail facilities, campgrounds, and other concession
activities, shall be as profitable as possible, within the purposes of the park system.
III. [Repealed.]
IV. No disabled veteran of this state, upon providing satisfactory proof of a service-connected
disability, shall be charged a fee for day-use admission to the state park system. Special number
plates issued to disabled veterans pursuant to RSA 261:86 or a letter issued by the United States
Department of Veterans Affairs certifying that the veteran suffers from a service-connected
disability shall constitute satisfactory proof under this section. Any fees for the use of enterprise
activities as defined in paragraph II shall be charged.
V. (a) Upon presentation of military identification, any active member of the armed forces who
meets the minimum requirements for satisfactory membership, as defined in federal regulations,
shall not be charged a fee for admission to day-use areas of the state park system. In this
section, "armed forces" means armed forces as defined in RSA 21:50, II and includes active and
reserve members of the New Hampshire national guard.
(b) Any New Hampshire national guard member who retired in pay grade E6 or below shall not
be charged a fee for day-use admission to the state park system.
(c) Any fees for the use of enterprise activities as described in paragraph II of this section shall
be charged.
VI. No admission fee shall be charged for day use of the state park system to the occupants of a
vehicle with a number plate bearing a special registration plate symbol authorized by RSA 261:75-c. Any fees for: (a) enterprise activities as defined in paragraph II, (b) metered parking after June 15 and before September 16, (c) metered parking on weekends and holidays on or before June 15 and on or after September 16, (d) more than 6 consecutive hours of metered parking, or (e) metered parking for residential use or business employee use, shall be charged to occupants of such vehicles.

VII. (a) The commissioner shall periodically review all fees paid for entrance into and use of state parks.

(b) The commissioner may immediately begin to accept donations for the use and maintenance of Jericho Mountain state park and shall require fees for the entrance into and use of Jericho Mountain state park beginning on or before January 1, 2011. All fees generated by Jericho Mountain state park shall be deposited into the state park fund established in RSA 216-A:3-i. Such fees shall be based on revenue projected in the master plan and shall be in addition to registration fees for vehicles, all terrain vehicles as defined in RSA 215-A:1, I-b, and off highway recreational vehicles as defined in RSA 215-A:1, VI.

(c) [Repealed.]

VIII. The commissioner may adopt parking fees or charges within the state park system that assess an increased rate for parking on holidays and weekend days with high traffic rates unless such plan for parking fees and charges is denied by the fiscal committee of the general court as provided by this section.
