

Window Scavenger Hunt

Instructions: In this activity, we will use our sense of sight to explore the world around us. Find a window that has a good view of the world outside. Try your best to find each of the items in the list below. If you found one the of the items listed, describe what that item looks like. You can use binoculars from our [Make Your Own Binoculars](#) worksheet to help you during this activity. You can repeat this activity on a different day to see if you can spot anything different!

Try to...	I found it! It looks like...
Find something green	
Find something that looks smooth	
Find something that looks bumpy	
Find something that looks wet	
Find something blue	
Find something round	
Find a tree with no leaves	
Find something red	
Find something striped	
Find a tree that is green	
Find something that looks fluffy	
Find something orange	
Find something a bird would eat	
Find something yellow	
Find something spotted or polka-dotted	
Find an animal	
Find something that begins with the same letter that begins your name	
Did you find anything else that was interesting?
