About the Campground

The campground is open year-round; however amenities and services from November through April are limited.

Facilities, Services and Amenities

A camp store, flush toilets, and coin-operated showers are available in the campground during the regular season. From November through April, outhouses are open but water and firewood are not always available. The campground road is not plowed in winter and visitors must hike their gear to their site.

Activities

Many of the trails that lead to the 3,165 foot summit of popular Mt. Monadnock start near the Headquarters Campground. Unsurpassed 100-mile views to points in all six New England states are the reward for a climb. Approximately 40 miles of maintained foot trails provide a variety of hiking opportunities. Approximately 8 miles of trail system in the lower elevations offer great ski touring for the experienced cross country skier.

For Your Safety

Do not invite wildlife into the campground or to your campsite. Keep a clean site, dispose of food waste properly and secure all food and heavily scented items in your vehicle at night. Coolers left out are easily opened by raccoons or destroyed by bears.
