

# PRELIMINARY CONCEPTS

## OPTION A

### 1. SECONDARY STORE

- > New secondary store located between Horse Island and Big Island

### 2. CAMPING POD OPTION

- > Multiple areas have the potential for expansion but do not all need to happen. Park capacity and user experience should be considered

### 3. BEACH AREA GROUP SITE

- > The picnic area south of the beach can be converted to a premium group site
- > Will need to use public facilities and parking

### 4. REMOTE ISLAND CAMPING

- > The islands off of Horse Island and Big Island are compatible for remote paddle to camping
- > Need to consider maintenance of sites, access, and public opinion

### 5. ADDITIONAL WATER ACCESS

- > Additional water access points will help reduce capacity issues at the beach and provide convenient water access through-out the campgrounds

#### EXISTING

|               |                    |                 |
