

Outdoor Activities

The weather is warming up! Spring is coming, and soon it will be summer vacation! List some fun activities you will be doing outside this summer.

One of our favorite activities is camping! Name some things you take on a camping trip!

Robyn says her favorite thing to do while camping is cloud watching. Look outside! What is the weather like, what do the clouds look like? Draw a picture!

Candice says she loves to sit around the fire. Draw some things to do around the fire. Remember, fire safety is very important, you should always have an adult present.

Alexi says he loves to hike! Where would you go hike? The beach, the city, the woods, or even the desert! Draw a picture of you hiking in your favorite place!

No matter what you do this summer, be safe! Remember to have first aid kits, the right clothing, and an adult with you!
