

PREFERRED CONCEPT

EXISTING SITES: 45

REMOVED SITES: 15

NEW SITES: 23

TOTAL # OF SITES: 53 (Not including paddle only sites)

NOTE: Goal is to convert 15 Standard Sites to Improved Sites (W/E), final number and location of sites to be converted TBD

1. PARK ENTRY

- > Main entry moves to the existing cut through with improved signage

2. BACK OF HOUSE

- > Existing office location to be re-purposed as the back-of-house space used for long-term wood storage, trash and recycling, and a dump station

3. MULTI-PURPOSE TRAIL / TRAIL LOOP

- > A multi-purpose trail along the water will connect to a trail loop in the upland forest

EXISTING

- | | |
|---------------|--------------------------|
| Standard Site | Structure |
| Shelter Site | Boat Launch |
| Platform Site | Pit Toilets |
| Remote Site | Site Visit Wetland Flags |

PROPOSED

- | | | |
|---------------|-------------|--------------|
| Standard Site | Structure | Dump Station |
| Shelter Site | Boat Launch | Boardwalk |
| Removed Site | Pit Toilets | One-way Road |
| Paddler Only | Parking | |
| | Bathhouse | |

PREFERRED CONCEPT

1. CENTRAL OFFICE

- > The office, store, rentals, and boat launch have moved to the center of the campground allowing for easier guest/paddler access and staff supervision

2. UPLAND CAMPING POD

- > A 1-way loop road provides access to new upland wooded campsites.
- > 6 Shelter Sites
- > 15 Standard Sites

3. COMMON SPACE

- > A new common space along the waterfront provides an open lawn area for informal play, relocated pavilion, and a stone stabilized shoreline for improved water access

4. BATHHOUSE

- > A new accessible bathhouse will be conveniently located between the upland and waterfront campsites
